

Young Engineers in ASHRAE
2010-2011 Sponsors

October 5, 2010

Dear Illinois ASHRAE Chapter Member,

The Illinois Chapter of Young Engineering in ASHRAE (YEA) is requesting your support for 2010-2011 chapter year. The goal of the group is to promote networking and professional advancement. The YEA group helps build our future leaders in ASHRAE, in companies and in our communities.

Our events are held separate of monthly Chapter events and only include members under the age of 35. We have an active committee this year and are tentatively planning four events between now and next July. Our first event is our annual social networking event scheduled for October 21 at O'Callaghan's Pub. Events are scheduled for every other month. We anticipate approximately 50 to 75 local young professionals at each of our functions this year.

Your support is important to helping our group grow. We have set up sponsorship tiers that will give you recognition at our events and in all of our announcements. We'll even let a couple of your over 35 folks join in! We hope you choose to support our group and our efforts this year. If you have any questions, please feel free to ask.

Respectfully,

Benjamin A. Skelton
Illinois Chapter of ASHRAE
